

Bring Easter Service into the homes of your congregation. Members will enjoy watching the service with traditional decorations adorning their chapel on screens at home or in-person this season. They can even take home a piece of the service with a donation to the church to bring home a plant.

Walter Knoll Florist is a St. Louis family owned and operated business for over 150 years. We look forward to working with you this holiday to create the perfect Easter decor for your community and ours. WKF is excited to offer package deals to benefit the church communities in our area.
